MAGICK ENTERPRISES
SECOND-HAND BOOK LIST 80: APRIL 2019

As a guide, most second hand prices are 25% less than new, provided the book is in good condition. Bigger reductions are made if the book is marked or in poor, but readable, condition. In some cases identical items may appear at different prices. This may be because of different editions or condition.

Please make it clear when ordering which version you require. When ordering books please state author as it appears in this list, as books are filed by author. Postage is charged at cost. Ring or email for details.

Price when new appears in brackets (estimated for rare or long out of print editions), our second-hand price in bold.

Abbreviations: 1st = first edition; comp. = complete (volume, set or run); dw = dust wrapper; edn = edition; ex-lib = library copy (may have library imprint or sticker); hb = hard bound volume; imp = impression; ltd = limited edition; sc = in slip case; sgd = signed.

Updates: The latest version of this list in pdf format may be downloaded from our website at www.magick2go.com.

Note that we are not just a major mail order magic dealer... In our Sheffield Studio you’ll find an enormous range of magic on permanent display. Our website lists only a fraction of our full range. And we’re easy to find a few minutes off M1 junction 33.

We have a regular session every Saturday. So why not call in and see us. Apart from our own excellent range of magic props and books, we regularly import from leading dealers world wide. We also have a wide range of second-hand tricks and books on display so you might pick up a bargain.

If you’d like to be kept informed of latest additions and new titles you can join our mailing list. Email russell@magick2go.com and you’ll receive approximately monthly updates plus details of any special offers.
